**DAIRY PRODUCTS GIVE YOU
MORE FOR YOUR FOOD DOLLAR!**

★ CALIFORNIA DAIRY INDUSTRY ADVISORY BOARD

"HOW CAN I FEED MY FAMILY PROPERLY and still keep within my budget?" is the biggest question facing most housewives... not once in a while, but *all the time!*

One simple, basic answer to that question is, "Use more dairy foods."

Dairy foods supply the minerals, vitamins, proteins and carbohydrates in the well-balanced proportions you need for health, growth and vigor. They are the richest food source of calcium, needed for strong bones, beautiful teeth, clear complexions.

From the standpoint of nutritional values, dairy products are your most economical foods. *At twice the price, they would still be your best "food buys."*

California Dairy Products... For Life

The California Dairy Industry Advisory Board is supported by all producers and handlers of dairy products within the State under authority of an Act of the State of California administered by the Director of Agriculture.

City Studies Play Areas

Redwood City recreation commission members considered preliminary plans for a new city recreation area last night. Don Bogie, commission secretary, reported Wednesday.

The commission considered preliminary plans drawn by William Penn Mott Jr. and Bogie said he believed final recommendations to the city council for the area would be ready in six weeks.

Among the features considered were baseball diamonds, tennis courts, a memorial building, parking areas, a bowling green, organization and family-sized barbecue areas, a swimming pool and an artificial lake.

Just which of these would be included in the final recommendation, Bogie could not say. He said Mott had proposed that the city dig a well to furnish water for the artificial lake which would mask a creek which now runs through the area. Water from the well, he continued, could be used for grass projects.

The area the city plans the recreation area on is bounded by Roosevelt Ave., Valola Rd., Madison Ave. and King St.

Funds for the project would come from a \$224,000 fund created in a 1944 civic improvement bond issue voted in 1944.

Board Asks \$1,285,000 For Buildings

Asst. Dist. Atty. Daniel E. Sullivan has begun preparations for a \$1,285,000 bond issue that the San Mateo County supervisors yesterday proposed go before the voters in an alternative measure Nov. 5.

A building bond issue would provide the county with a new juvenile home, a health and welfare center, Canyon Sanatorium construction, a new relief home, relief home help housing, additions to the county jail, construction of a wing at Community Hospital and construction of a laundry at the hospital.

A war memorial bond issue would provide structures at Daly City, Redwood City, South San Francisco, Half Moon Bay and The Three Cities.

Sullivan was instructed to determine feasibility of placing the postwar building program totaling \$535,000 and the war memorial program totaling \$750,000 as separate items on the ballot so that the latter would not jeopardize construction of a juvenile home and seven other projects.

He said he would consult George Harrington of Orrick, Palmer, Dulquist and Harrington, San Francisco legal firm specializing in bond issue work, in time to render a report to the board Monday.

The board, which had done most of its preparatory work on the proposed bond issue behind the closed doors of its caucus room, earlier this year proposed the bond issue go before the public project by project.

At that time, postwar construction at the courthouse was included in the proposal.

However, it is eliminated in the present proposal.

Money on hand for juvenile home construction includes \$25,000 to be added to a previous balance in the 1946-47 county budget, and \$25,000 to be added this year to the 1945-46 appropriation of \$25,000 toward construction of a relief home. (See tabulation below.)

Matching funds will be available from the state which last year set up a \$90,000,000 fund to be available on a dollar-for-dollar basis to cities and counties.

San Mateo County was allocated a total of \$648,579, of which \$156,951 is earmarked for roads, and \$491,628 for other projects.

Menlo Park Votes 3 to 1 To Increase School Tax

Residents in the Menlo Park Elementary School Dist. voted by more than three to one Tuesday to spend an estimated \$200,000 for the purchase of sites and the construction of two new school units. The ballots favored increasing the present 90 per cent tax limit to a new limit of \$2 for a period of five years to finance the expansion of the school facilities. The votes counted by this morning were 195 in favor of the proposal, and 53 against. This count includes eight absentee ballots out of 12 sent out. The tentative budget of \$138,405 for the coming year provides for the buying of the two sites and the construction of one classroom unit of two or three rooms. It is expected that within the next few years more than 300,000 stores will handle frozen foods as compared to 50,000 at present.

Rest Center To Be Moved

Plans for removal of the merchant marine rest center from the Mills estate to the famous old Rolandi estate in Los Altos are being formulated, it was learned by the Tribune Wednesday.

The rest center, which now occupies the mansion of the late Darius Ogden Mills, former secretary of the Treasury, was opened there in 1943 under the direction of the United Seamen's Service in conjunction with the shipping administration of the United States Maritime Commission. The seaman's service pays the Mills estate \$1 per year for the home, where seamen who served during the war are rehabilitated and rested.

The United Seamen's Service, according to the present plan, would purchase the Rolandi estate and set up a permanent postwar rest center on "Snag Harbor" for maritime workers.

The Rolandi estate, as it is familiarly known in Los Altos, is built in a section of rolling foothills on a 68-acre estate which contains a rock quarry and a good-sized airplane landing strip.

It is an exact replica of the Duke of Manchester's English castle and every bit of material in the structure was imported from England. It is put together by wooden pegs, rather than nails. There are 30 rooms and a huge ballroom. Every room has a fireplace and there are 20 bathrooms.

Ordinance Calls for 4 Pct. Wage Hike for City Workers

Introduction of the 1946-47 salary ordinance and an ordinance prohibiting fortune telling (except by accredited members of the National Astrological Assn.) were included among the moves a four-hour city council session Monday in the city hall. Councilmen, rolling off items like a roll call towards the end of their session, cleared a two-page agenda by 12:03 a.m.

The salary ordinance was simply introduced without public reading. City Mgr. E. W. Blom today said that it covered salaries for approximately 100 city employees in 33 civil service positions. With the inclusion of those salaries relating to the city library it calls for the expenditure of approximately \$267,000 during the 1946-47 fiscal year, he said.

In drawing the proposal, Blom said he had added in the war bonus to the previous base pay for the positions and had then adjusted salaries after taking into consideration of salaries paid by other cities.

Whipple Rd. Plan Ready

Survey work on Whipple Rd.—Number 1 priority on the county's road construction program—is completed and contracts are ready to be let, County Engineer M. A. Grant announced Tuesday.

Widening and realignment of the road from Alameda de las Pulgas to Canada Rd. has received state and federal approval, and funds totaling \$230,000 were recently allocated to the county for the work, Grant said.

Funds left over from the Whipple Rd. project will be used for further improvement of the county's secondary road system, he said.

Plans call for extending the Whipple Rd. right of way from 50 to 60 feet, and realignment of curves to cut down the present number of turns to "about half a dozen," Grant said.

The improved road will facilitate traffic to the Hassler Health Farm, Canyon Sanatorium, numerous residences along Cordillera Creek, and St. and Hudson St. Despite suggestions by McCarthy and Atty. Ernest Wilson, council determined to raise funds for the projects by means of the 1911 act rather than the 1915 act.

10. Introduced an ordinance rezoning Middlefield Rd. from Bradford St. to Bayshore Hwy. to business.

11. Authorized Blom to proceed with plans to construct street improvements in Redwood Villa Park.

12. Adopted an amendment to the building ordinance curbing the construction of prefabricated houses and gunset huts.

13. Reappointed Albert H. Morgan Jr. to the planning commission and Mrs. Mary G. Thorning and W. J. McKeegan to the library board of trustees.

BOY SCOUT NEWS

Members of Redwood City Community Chest

Troop 105, Redwood City: Plans for developing our new "meeting place" in the Congregational Church, work on scout-craft advancement and plans for several camping trips during the Summer discussed at the last regular meeting under the direction of T. J. Seitz, scoutmaster.

Troop 153, San Carlos: As one of several summer outings scheduled for the troop, a wiener-roast was staged at the last meeting of the troop at the San Carlos School under Alfred Enoch, the new scoutmaster of the group. A large group of visitors in addition to all members of the troop committee were present to swell the total attendance to well over fifty persons.

Troop 151, San Carlos: A Parents' Night was the highlight of the last meeting of the troop under the direction of C. H. Rengstorff, scoutmaster, with a total attendance of over forty persons enjoying the special program.

Troop 149, Redwood City: Advancement progress was the highlight of the last regular meeting of the troop at the Methodist Church with Dalton Lewis, scoutmaster in charge. Peter Bulkeley completed second class rank. A. Lisen advanced to first class scout. M. Kelleher completed requirements for the Star Scout award and Seymour Abrams qualified for the rank of Life Scout, the second highest rank in scouting. Members of the troop committee assisted the leaders in the review of requirements.

Branch Office Open: The branch office of the San Mateo County Council in the basement of the old library building in Redwood City will be open on Tuesday afternoons and evenings from 3 until 9 and again from 7 until 9 during the months of July and August it was announced by local scout officials this past week.

Change Bus Schedules

Changes in routes and schedules to give better passenger service will go into effect Monday it was announced Tuesday by the Martin Transportation Co. The changes, which will become permanent if the trial period proves popular, will effect routes A, B, D and E. After Monday, route A buses will leave the Southern Pacific depot every afternoon at 3:45, 4:30 and 5:55 and will travel route A in reverse to the present routing. The present route E schedule will remain the same but additional service will be provided by buses traveling route B in reverse routing.

On route D bus service will be extended to the Southern Pacific depot in Palo Alto. A schedule change on route E will allow time for buses to pick up calls at points not now covered in the schedule. Such pick up calls can be made by telephoning 2750, it was announced.

Politics Blocks Food Distribution

Dr. Karl Brandt, Stanford food research economist just back on the campus after four months in Germany said Tuesday Americans should know these two facts about the world situation:

1. Politics, not food shortages, is the serious factor holding up the relatively simple solution to the famine over the world. Our government could act to expedite movement of food by slight changes in grain prices.

"It all sits down to values," said the man who has acted as economic advisor to the food and agriculture branch office of the American military government in Germany.

"You can feed seven to 10 times as many people with grain as you can with pigs and cattle fattened with the same grain. It's a matter of which is most important: Letting the people die and feeding the pigs, or vice versa."

2. Russia must be treated in terms she understands. "If we made up our minds to be just as stubborn about yielding as Russia is, we'd reach agreement with that nation very quickly," comments Dr. Brandt.

"We can never come to terms while we adopt the swine's placating attitude our statesmen now seem to think is necessary in dealing with Russia. We conceal what we really want behind a curtain of delicate diplomacy the Russian mind does not comprehend."

Lu Doyle, 16-year-old equestrienne (above), held the lead today in a contest to select a queen to rule over the Peninsula's Fourth of July Rodeo and Celebration, to be held in Redwood City July 4-7.

Woman's Club Entry Leads In July 4th Queen Race

Lu Doyle, the "sweet sixteen" entry of the Redwood City Woman's Club lengthened her lead in the contest to select a Queen of the Fourth of July Rodeo and Celebration today when members of her sponsoring committee deposited another 11,350 votes at the Peninsula Celebration Association's office in the city hall.

Miss Doyle, a courthous employee, is far ahead of her competitors for the title. The standings:

Lu Doyle	34,300
Sallie Davies	22,300
Anne Crowley	20,250
Mickey Zwiernick	15,300
Carolyn McGarrigle	11,450

SUPERVISOR STRICKEN
Supervisor Martin A. Poss was resting at his home in San Mateo today following an attack of illness following an attack of illness suffered during Tuesday afternoon's session of the board.

You'll sing as you iron in your new automatic home laundry

Does ironing day leave you limp, worn-out and irritable? Some of these days you'll have a home laundry that is planned and equipped with appliances that take the irk out of laundry work.

You'll have an automatic electric ironer and you'll sit down and iron with no more effort than pulling a lever. Your ironing machine will turn out flat or fussy pieces with smooth professional perfection.

You'll be ironing clothes that came out of an Automatic Washer and were dried in an Automatic Clothes Dryer. No more clothes line drudgery. No more heavy baskets to carry out-of-doors. And no more worry about rain, fog or wind on washday.

You may not be able to buy these laundry helpers right now. But you can dream about them and make plans for making that dream come true in the new home or the modernized home you want.

PLAN TO HAVE A MODERN HOME LAUNDRY

Unidentified Body Found in Ocean

Chief Deputy Sheriff Walter H. Moore this week sought identify of a man's body found floating off the Pescadero coastline Tuesday by commercial fishermen.

Maurice Humber, San Francisco, towed the body to Princeton after spotting it two miles west of Pescadero while on a fishing trip.

The victim, possibly an abalone fisherman who frequented the coast during recent low tides, was described as about 6 feet tall, 190-200 pounds, husky build, and clad in a blue work shirt, blue vest, black necktie, full length union suit, grey wool socks and size nine work shoes.

Eighteen dollars in currency was found in a vest pocket.

Daly City Youth Held for Assault

Benny Capurro, 21, Daly City student, as jailed on an assault and battery charge Monday at 2:40 a.m. following a gang fight in Colma.

Capurro was identified by Gus Anderson, taxi driver, and Natchi Mendola, a Hawaiian, who had stopped for a drink at the Stumble Inn, Deputies Everett Haegney and Jack Hosford of the sheriff's office said.

Anderson and Mendola were about to reenter the cab when several men, including Capurro, jumped them.

The victims were able to identify only Capurro, and two suspects questioned by deputies were released.

Emergency Food Drive In Last Week \$1300 Shy

With Monday the opening of the last week of the Emergency Food Fund drive, the Redwood City committee, under the chairmanship of James R. Hedge Jr., announced that Girl Scout Troop 23 of San Carlos late Saturday donated \$20 to the fund.

Saturday's total donations, Hedge said, were slightly in excess of \$100 to push the total contributions to date to about \$1200. The \$1200 still lacking to meet the \$2500 quota as Redwood City's part in the drive, is hoped to be received at the drive headquarters this week. The campaign was originally slated to close last Saturday but the committee extended the closing date in an effort to obtain the quota deficit.

In commenting on the Girl Scout contribution, Hedge said that the group was composed of former eighth grade students who will be entering Sequoia High School in the fall. They disbanded their patrol this month and turned \$20 of the treasury's \$25 over to the food fund. The other \$5 was given to the Girl Scout fund for Woodhaven Summer Camp.

A portion of the \$1300 Redwood City still needs to meet its quota will be received from Woodside, the committee announced. The Greengrove (Woodside) Parent-Teacher Assn., under the direction of Mrs. William Wallace Mein Jr. and Mrs. Norman Van Dam, has been conducting a cash-for-food drive in the city as part of the Redwood City campaign.
